

MyMedsList

helps me and my family keep track of everything I take to keep me healthy — my pills, vitamins and herbs. Having all of my meds in one place also helps my doctor, pharmacist, hospital or other healthcare workers take better care of me.

Keep **MyMedsList** up-to-date

It is very important to keep this information current. I can do this with my doctor, pharmacist, nurse or other healthcare professional.

MyMedsList

was developed by the
Northeast Indiana Patient Safety Coalition
Addressing common safety issues and improving healthcare
for patients living in Northeast Indiana.
