

Attract and retain employees. All in one app.

Powerful engagement.

It has never been more important to connect employees to your brand, your culture, and all the resources you put in place to support them. Bring your employee value proposition to life – from recruiting to retirement – all in your custom mobile app.

Powerful results.

Your team app will impact every aspect of your company. And you will see and feel the results. Across Enspire's book of business, employees who download their team app are more engaged and more likely to stay with your organization.

50%+
Employee retention increase
For those that download the team app.

Sharing important company updates, benefits information, and staying connected is now easier than ever with the SigEE app! We saw a 40% reduction in turnover due to higher employee engagement with the app along with greater employee satisfaction and utilization of benefits.

Nick Porter
Former Vice President of Human Resources, Signature Healthcare

The Renown Life app is a vital tool for all things related to an employee's work life and has become a key component in enabling employees to live their fullest and most healthy lives.

Renown Health

The LCS Live Well mobile app is improving how our employees engage with our benefit programs. The implementation process was easy for our team and Enspire was very responsive and helpful throughout the process. We are already receiving great feedback and are thankful we can provide this innovative tool for our employees!

Teresa Niner
Director of Benefits, LCS
